

It only seems like yesterday, but it was 2011 when we first walked through the doors of Tots to Teens community crèche in Banogue. Being a fulltime working Mum, knowing that your children are left in a safe, sociable & caring environment is reassuring and helps with the separation & anxiety of it all. Our 2 little boys were welcomed with open arms by Amanda and all the team. As a result of this they settled quickly into this warm, friendly & open atmosphere. We watched the boys grow, thrive and make new friends .We looked forward to listening to their wonderful stories on the journey home each evening.

In the creche, I have always found that there is a happy and stimulating environment covering all aspects of children's educational and practical life requirements. Amanda & the team have always had an open door policy to our questions, queries and suggestions which is always great. I cannot think of a better place for my children to have spent their pre-school years and as it happens now a little bit beyond....

Three years on the eldest boy is now in senior Infants in Banogue Primary School (across the road) and the youngest is entering his Montessori year. We use the facilities of the after school club daily for the older boy and I must also compliment and praise the wonderful relationship between the creche and the school, it is really a great blessing to the area to have the school & the creche in such a close proximity to each other. It certainly makes life much easier for us as neither my husband nor I are natives to the locality & we do not have a support network in the immediate area. It is a great peace of mind to me to know that my child is collected from school and walked across the road to the after school club by a member of the creche team.

This is a truly fantastic service which leaves me in peace of mind on a daily basis.

Thank you to all our wonderful friends at Tots to Teens.

The Furlong Family, Croom

(Angela , JJ, Matt &Ed ☺)
